Minutes of the Summit

**MINUTES OF THE BARANGAY LEADERS CONSULTATION SUMMIT HELD ON
NOVEMBER 11, 2001, 8:00 am – 7:00 pm, AMORANTO MULTI-PURPOSE HALL,
SCT. CHUATOCO, BGY. PALIGSAHAN, QUEZON CITY**

HIGHLIGHTS :

I. Attendance (Please see attached list)

District I	-	31	Dept./Office	-	31
District II	-	29	Guest/Others	-	79
District III	-	31	City Council	-	5
District IV	-	35	Working Staff	-	59

II. Opening Ceremonies :

- The National Anthem was led by Ms. Blesilda C. Agpawa of BOC and Ms. Remedios G. Furiscal of CPDO led the Invocation.
- Mr. Rolando P. Montiel, City General Services Officer (CGSO) delivered the Welcome Remarks. He mentioned the objectives of the summit and the sequence of the program. He also introduced the members of the Organizing Committee.
- Hon. Almario E. Francisco, Pres. Liga Ng Mga Barangay presented the Barangay Captains by District.
- Arch. Gerardo G. Magat, City Planning and Development Officer (CPDO) presented the Resource Person on the seven (7) major areas of concern. He also acknowledged the presence of some department/office heads.

III. Conference Proper :

1. Key Features of the Hon. City Mayor's message :

- Given the mandate to lead the governance of the city, the Hon. City Mayor mentioned that he was really looking forward to have a consultation with the barangay leaders because he believed that the total development of the city is dependent on the strong partnership between the city government and its component barangays.
- He preferred workshop activities where there is convergence of new and innovative ideas and perceptions which can serve as basis in preparing an ambitious plan for the city.
- He aspired the city to be a progressive safe and vibrant metropolis – a city that is alive and ever changing for the better.

HIGHLIGHTS :

I. Attendance (Please see attached list)

District I	31	Dep't. Office	31
District II	32	Guest Officer	32
District III	31	City Council	3
District IV	35	Working Staff	32

II. Opening Remarks :

- The National Anthem was led by Mr. Resalido C. Agredo of SOCC and Mr. Ramon G. Pulido of CPDO led the invocation.
- Mr. Ricardo P. Molino, City General Services Officer (CGSO) delivered the Welcome Remarks. He mentioned the objectives of the summit and the support of the program. He also introduced the members of the Organizing Committee.
- Hon. Alberto L. Francisco, First Vice Mayor, presented the Barangay Chairmen by District.
- Atty. Gerardo G. Magat, City Planning and Development Officer (CPDO) presented the Resource Person on the seven (7) major areas of concern. He also acknowledged the presence of some department heads.

III. Conference Report :

1. Key Features of the Hon. City Mayor's message :

- Given the mandate to lead the governance of the city, the Hon. City Mayor mentioned that he was really looking forward to have a consultation with the barangay leaders because he believed that the total development of the city is dependent on the strong partnership between the city government and its component barangays.
- He presented workshop activities where there is convergence of new and innovative ideas and perceptions which can serve as basis in preparing an ambitious plan for the city.
- He urged the city to be a progressive, safe and vibrant metropolis - a city that is alive and ever-changing for the better.

- He also wanted the city to be business friendly in order to attract productive business/investments to the city.
 - On the negative situations in the city like – traffic, garbage, crime, social services, and presence of large number of urban poor, he emphasized that we should uplift them despite the limited resources. Here again, he underscored the necessity to work together to achieve our aspirations for the city.
 - With the little resources left, he cited systems and controls to be established for wise spending.
 - According to him money is not always the solution to the problem but simple things like common sense, dedication, involvement, creativity and/or innovation to translate problems to solutions.
 - He urged both the city government and the barangays to assume their mandate and to exercise consultation processes in order to identify the key problems like _ both should know who are the tax delinquents or the situation risks in a particular area.
 - His challenge was to work together in a concerted manner guided by a common vision because thru this interface we can attain better inputs to the problem, better management and motivation, better techniques and better cooperation. We can synergize all our efforts into achieving our vision/aspiration for a better Quezon City.
2. *Overview of the City Development Thrusts* was presented by Arch. Gerardo G. Magat. First, he explained that in all planning efforts for the development of the city, we should be guided by a common vision and the City's Comprehensive Development Program sets the direction to what we like QC to evolve into. He briefly discussed the following:
- a. The city's profile – location, area, population, labor force, trade and industry.
 - b. The physical and socio-economic constraints and challenges
 - c. The physical and socio-economic potentials and opportunities.
 - d. The development vision
 - e. The city's development goals
 - f. The sectoral plans- physical, social and economic plans/programs.
 - g. The seven (7) major priority areas of concern which shall be the topics for discussion during the workshop activities.
 - revenue enhancement
 - waste management
 - public safety
 - informal settlers
 - infrastructure development
 - peace and order

On the negative situations in the city like - traffic, garbage, crime, social services, and presence of large number of urban poor, he emphasized that we should uplift them despite the limited resources. Here again, he underscored the necessity to work together to achieve our aspirations for the city.

With the little resources left, he cited systems and controls to be established for wise spending.

According to him money is not always the solution to the problem but simple things like common sense, dedication, involvement, creativity and/or innovation to translate problems to solutions.

He urged both the city government and the barangays to assume their mandate and to exercise consultation processes in order to identify the key problems like - both should know where the tax differentials of the situation take in a particular area.

His challenge was to work together in a concerted manner guided by a common vision because thru this interface we can obtain better inputs to the problem, better management and motivation, better techniques and better cooperation. We can synergize all our efforts into achieving our vision/aspiration for a better Quezon City.

2.2 Overview of the City Development Trusts was presented by Arch. Gerardo O. Magat. He explained that in urban planning efforts for the development of the city, we should be guided by a common vision and the City's Comprehensive Development Program sets the direction for what we like QC to evolve into. He briefly discussed the following:

- a. The city's profile - location, area, population, labor force, trade and industry.
- b. The physical and socio-economic constraints and challenges.
- c. The physical and socio-economic potentials and opportunities.
- d. The development vision.
- e. The city's development goals.
- f. The sectoral plans - physical, social and economic plans/programs.
- g. The seven (7) major priority areas of concern which shall be the topics for discussion during the working committee.

- > revenue enhancement
- > waste management
- > public safety

3. Mr. Albert Seno, BOC Head explained the workshop mechanics, --the groupings, the procedures and expectations. He stressed that each group should be able to identify issues and problems, the project/activities geared toward the solution of these problems and the areas of collaboration between the city government and the barangays. The group output will be presented in a plenary session

IV. Open Forum

Following are some questions/clarifications raised by the Barangay Leaders.

QUESTION/CLARIFICATION	RESPONSE
<ul style="list-style-type: none"> Ms. Pecson, Bgy. Payatas – she was assigned to the Informal Settlers but she preferred to be with the Waste Management Group. 	<ul style="list-style-type: none"> Arch. Magat answered she can stay put where she was assigned and she can shared her ideas with the barangays under the Waste Management Group.
<ul style="list-style-type: none"> Mr. Mendoza, Bgy. Nagkaisang Nayon – asked if the Bgy. share on RPT can already be deposited with the barangay's account. 	
<ul style="list-style-type: none"> Ms Mangaliman, Bgy. Escopa – sought assistance to clear their basketball court which is being used by residents as parking area. Reported drug related problem but no action taken by the police. 	<ul style="list-style-type: none"> Gen. Tor specified the nearest Police Station and the Drug Enforcement Unit (DEU-CPD) where report can be filed
<ul style="list-style-type: none"> Mr. Fortuno – inquired whether the barangay calamity fund can be used for the establishment of their recycling center 	<ul style="list-style-type: none"> The Mayor noted the inquiry and added that this will be tackled later on during the workshop.
<ul style="list-style-type: none"> Ms. Gasser, Bgy. North Fairview – reported on the presence of drug users/pushers and inquired if the barangay can take action against them. 	<ul style="list-style-type: none"> The City Mayor responded that the barangay can asked for police assistance to resolve their drug problems.
<ul style="list-style-type: none"> Ms. Rosal, Bgy. Villa Ma. Clara – expressed that city officials and barangays should be really partners for progress. She also inquired why barangays had to attend hearings on cases/ complaints they filed, why not offices concerned just do action on them. 	<ul style="list-style-type: none"> Asst. Engineer asked to report the details and submit to their office for actions/ monitoring.
<ul style="list-style-type: none"> Bgy. Sikatuna Village and Silangan – informed that there were no actions on their report against the illegal structures in their area. 	<ul style="list-style-type: none"> The Mayor informed that these problems can be taken up during the workshop. He also wanted to have a clear position on these illegal structures and he stressed the need for united action to address these problems.
<ul style="list-style-type: none"> Bgy. Paitok – there was a factory in their barangay since 1949 and the 	<ul style="list-style-type: none"> Arch. Magat answered that a research shall be taken on the matter

IV. Open Forum

Following are some questions/discussions raised by the Barangay Leaders:

QUESTION/CLASSIFICATION	RESPONSE
<ul style="list-style-type: none"> • Mr. Mendon, Bgy. Nabalocan - Region - asked if the Bgy. store on RTT can already be deposited with the barangay's account. 	<ul style="list-style-type: none"> • Atty. Magot answered she can stay but where she was assigned and she can stand her ideas with the barangay under the Waste Management Group.
<ul style="list-style-type: none"> • Mr. Mangaliman, Bgy. Escopa - sought assistance to clear their backyard court which is being used by resident as parking area. Reported drug related problem but no action taken by the police. 	<ul style="list-style-type: none"> • Gen. Tor recalled the nearby Police Station and the Drug Enforcement Unit (DEU-CRD) where report can be filed.
<ul style="list-style-type: none"> • Mr. Fajano - inquired whether the barangay community fund can be used for the establishment of their recycling center. 	<ul style="list-style-type: none"> • The Mayor noted the inquiry and added that this will be tackled later on during the workshop.
<ul style="list-style-type: none"> • Mr. Gasser, Bgy. North Fairview - reported on the presence of drug laboratories and inquired if the barangay can take action against them. 	<ul style="list-style-type: none"> • The City Mayor responded that the barangay can asked for police assistance to resolve their drug problems.
<ul style="list-style-type: none"> • Mr. Rosal, Bgy. Vito Ma. Claro - expressed that city officials and barangays should be ready partners for progress. She also inquired why barangays tend to attend meetings on casual complaints they filed, why not officers concerned just do action on them. 	<ul style="list-style-type: none"> • Atty. Engineer asked to report the details and submit to their office for action/monitoring.
<ul style="list-style-type: none"> • Bgy. Division Villone and Sison - informed that there were no actions on their report against the illegal structures in their area. 	<ul style="list-style-type: none"> • The Mayor informed that these problems can be taken up during the workshop. He also wanted to have a clear position on these illegal structures and he stressed the need

3. Mr. Albert, BGC Head explained the workshop mechanics—the grouping, the procedures and expectations. He stressed that each group should be able to identify issues and problems, the project/activities geared toward the solution of these problems and the area of collaboration between the city government and the barangays. The group output will be presented in a plenary session.

<ul style="list-style-type: none"> • Bgy. Sikatuna Village and Silangan – informed that there were no actions on their report against the illegal structures in their area. 	<ul style="list-style-type: none"> • The Mayor informed that these problems can be taken up during the workshop. He also wanted to have a clear position on these illegal structures and he stressed the need for united action to address these problems.
<ul style="list-style-type: none"> • Bgy. Paltok – there was a factory in their barangay since 1949 and the parish want it closed because of pollution. He is concerned with the workers who'll be affected once it is closed. 	<ul style="list-style-type: none"> • Arch. Magat answered that a research shall be taken on the matter since there are procedures to follow in effecting closure order.
<ul style="list-style-type: none"> • Requested that communications from the barangay should be properly acted on by department head concerned. 	<ul style="list-style-type: none"> •
<ul style="list-style-type: none"> • Ms. Balajonda, Bgy. Sta. Monica- there was an order but no action yet taken by the TFCOPRISS on her request to remove the shanties. She also reported problems on drugs and prostitution. 	<ul style="list-style-type: none"> • Gen. Tor said he would instruct Gen. Bondoc.
<ul style="list-style-type: none"> • Suggestion was also raised that DPWH should first wait for Manila Waters to finish its restoration works (leakages) before it start with asphaltting/ cementing projects. 	<ul style="list-style-type: none"> • The City Mayor informed that asphaltting works may be asked to be postponed until leakages are resolved like what he did in P. Tuazon. Report on this may be filed with Manila Waters and/or Maynilad and the City Engineer's Office.
<ul style="list-style-type: none"> • Mr. Dungca, Bgy. Pasong Putik Proper - Suggested to have an alternate route going to Caloocan considering the traffic at the intersection of Regalado (SM Fairview) and Quirino Hi-way 	<ul style="list-style-type: none"> • Referred to Arch. Magat for inclusion in the program.
<ul style="list-style-type: none"> • Mr. Pimentel, Bgy. Laging Handa – reported the encroachment (sidewalks) made by a city hall official and expressed hope this will be acted upon by the present administration. 	<ul style="list-style-type: none"> •

V. Workshop Proper

- The participants were divided into seven (7) discussion groups (DG) and each DG tackled one topic.
- Each DG was assigned Resource Person/s, a Coordinator, Facilitator and a Recorder to document the group proceedings. (Please see attached detailed outputs of each DG)
- The Resource Person/s and their assigned topic for discussion were the following:

<p>the report indicated that these problems are being addressed through the workshop. It also wanted to have a report on these "critical" structures and the status of the need for unified action to address these problems.</p>	<p>City Strategic Vision and Action Plan - Planned that there were no actions on their report against the "critical" structures in their case.</p>
<p>Atch. Magot conveyed that a research staff be taken on the matter since there are procedures to follow in effecting closure order.</p>	<p>By: Factor - there was a factory in their backyard since 1979 and the plant was closed because of pollution. It is connected with the workers who'll be affected once it is closed.</p>
<p>Get involved in well-being of the</p>	<p>Requested that communication from the company should be properly done on its development and performance.</p>
<p>Get involved in well-being of the</p>	<p>Mr. Rodriguez, by the Mayor, there was an order but no action yet taken by the PCORRS on the request to remove the wastes and also reported problems on drugs and pollution.</p>
<p>The City Mayor believed that applying work may be asked to be executed with technical assistance which he did in P. Tucson. Report on this may be read with the City Engineer's Office.</p>	<p>Suggestion was also added that DWI should get well by Manila Waters to limit its expansion works (technical) better if they will be financially compensated.</p>
<p>Retired to Atch. Magot for inclusion in the program.</p>	<p>The Mayor, by Mayor Fritz, Factor - suggested to have an attempt into going to Cebu considering the role of the President of Republic (M. Marcos) and (Ginsu) Mayor.</p>
<p></p>	<p>Mr. Ramirez, by Mayor Fritz, Factor - suggested to have an attempt into going to Cebu considering the role of the President of Republic (M. Marcos) and (Ginsu) Mayor.</p>

Workshop Report

- The participants were divided into seven (7) discussion groups (DG) and each DG tackled one topic.
- Each DG was assigned Resource Person/s, a Coordinator, Facilitator and a Recorder to document the group proceedings. (Please see attached detailed outputs of each DG)
- The Resource Person/s and their assigned topic for discussion were the following:

TOPIC	RESOURCE PERSON/S
1. Revenue Enhancement	Dr. Victor B. Endriga Ms. Teofisia Pajara Mr. Pacifico Maghacot Mr. Alberto Galarpe Mr. Neil Lina
2. Waste Management	Ms. Federika C. Rentoy
3. Public Safety	Mr. Manuel N. Sabalza
4. Informal Settlers	Mr. Ramon T. Asprer Ms. Fe Macale
5. Infrastructure Development	Mr. Robert C. Nacienceno
6. Peace and Order	P/Gen. Rodolfo A. Tor
7. Beautification, Greening & Streetlighting	Engr. Zaldy Dela Cruz

- They provided situationnaires, insights and recommendations on how the barangay can become active partners of the city in addressing the issues and problems relating to the above-cited major areas of concerns.
- The participants from each group actively took part in the identification of issues, problems and concerns, recommended projects/activities to correspond to the problems and the areas where collaboration with the city government and other government agencies, the private sector and community can be established. They wrote all their ideas/perceptions on the visualization cards and posted them on the manila papers.
- The results of the three (3) workshops were then processed and with the consensus of the participants they selected/finalized the top five (5) outputs for presentation in the plenary. Other outputs were similarly documented for inclusion in the final report.
- After the above activities, the group coordinator discussed the survey forms on socio-economic profile, actual land use and road condition. Each barangay participant was also provided with barangay map.

VI. Presentation of Workshop Outputs/Comments/Reactions
Moderator was Mr. Donato Matias, Head, C. R. O.
 (please see attached)

1. Highlights of the Workshop

Attendance of the participants was taken and read by the group facilitator.

Mr. Henry Lagasca stated the discussion by introducing the group facilitator as well as the group recorder. He then discussed the mechanics of the workshop and proceeded to the introduction of the main resource speaker, Dr. Victor Brindga, OIC, Office of the City Treasurer.

Dr. Brindga stated his discussion by citing the different income sources of barangays and these are the following:

- **On Real Property Tax**

He discussed the allocation of collection on Real Property Tax (RPT) and the corresponding shares of the barangay. He also mentioned that if the collection of Real Property Tax increases barangay share on RPT income automatically increases too. He cited the following:

- Tax Amnesty Program – encourage delinquent taxpayers and to avail and pay their back taxes without paying penalties / surcharges
- Auction Sale of Real Properties (Land, House & Machinery) – Series of notices were issued to delinquent tax payers on real properties and publications to newspapers has been made. Auction sale of said properties is set on February 27, 2002.
- The group was requested to help the city by issuing final notices to all delinquent taxpayers within their barangay/jurisdiction.

- **On Permit**

He also mentioned that there are other income that can be derived by the barangay. The following are:

- Business Permit – Thru Barangay Ordinances, businesses with a gross sales of P50,000.00 and below may be collected taxes by barangay.
- Signboard Permit – The barangay can also collect fees inasmuch as the taxing power in signboard permit is exclusively for barangay
- Recreational/Admission Permit – Fees can also collected by the barangay such as on Theaters, Fighting Cocks/Derby Permit and other miscellaneous fee.

- **Community Tax**

- The city government can deputize the Barangay to collect and issue Residence Certificate and Barangay Clearance. Fifty percent (50%) of the collection on said tax go directly to them.

- **IRA**

- IRA is one of the biggest income of the barangay. Shares is based mostly on population, classification (city or municipality) and collections of the BIR

- The second resource speaker was introduced by Dr. Endriga, Mr. Pacifico Maghakot, OIC, BPLO. He explained the procedural requirements in securing and issuing business permits. One of their requirement is the Barangay Clearance, however, a permit can be issued to applicants without same after 7 days without action from the barangay as per RA 7160 or the Local Code. Barangay Captains reacted and suggested that BPLO should wait for a written denial as to why they did not issue said clearance to business applicant.

Real Property Tax

He discussed the allocation of collection of Real Property Tax (RPT) and the corresponding share of the barangay. He also mentioned that if the collection of Real Property Tax increases, barangay share on RPT income automatically increases too. He cited the following:

- Tax Amnesty Program - encourage delinquent taxpayers and to avoid and pay their back taxes without paying penalties/charges
- Auction Sale of Real Properties (Land, House & Machinery) - series of notices were issued to delinquent taxpayers, general properties and publications to newspaper for delinquents.
- Auction sale of said properties is set on February 27, 2002.
- The group was requested to help the city by filing final notices to all delinquent taxpayers within their barangay/jurisdiction.

On Farms

He also mentioned that there are other farms that are owned by the barangay. The following are:

- Barangay Farm - This barangay Ordinance, business with a gross sales of P50,000.00 and below may be collected taxes by barangay.
- Specialized Farm - The barangay can also collect fees inasmuch as the taxing power in specialized farms is exclusively for barangay.
- Recreational/Amusement Farm - Fees can also be collected by the barangay such as on Theater, Fighting Cock, Amusement and other recreational fee.

Community Tax

The city government can deputize the barangay to collect and issue Residence Certificate and Barangay Clearance. Fifty percent (50%) of the collection on said tax go directly to them.

RA

RA is one of the biggest income of the barangay. It is based mostly on population, classification (city or municipality) and collection of the fee.

The second resource speaker was introduced by Dr. Efriga, Mr. (Dr.) Magalona, OIC, BRLO. He explained the procedural requirements in securing and issuing business permits. One of the requirements is the Barangay Clearance, however, a permit can be issued to applicants without some after 7 days without action from the barangay as per RA 7160 or the Local Code. Barangay Captains reacted and suggested that BRLO should wait for a written denial as to why they did not issue said clearance to business applicant.

- Mr. Alberto Galarpe, the third resource speaker urged the group that they can also generate/increase barangay income by monitoring and reporting to his office business establishments selling liquors without permit issued.
- Mr. Neil Lina, Head of Market Development & Administration clarified to the group that illegal vendors around the market was previously collected and issued tickets by Market Personnel but these was recently stopped.
- Ms. Teofista Pajara, Acting City Assessor, the last resource speaker on the other hand suggested also to the group to report misdeclaration of Real Property from its actual use to their office for proper actions.
- Second part of the workshop was the identification of Problems/Issues and Concerns and each participants were asked to write down their problems/issues and concerns on a visual cards given to them. These cards were later posted in the Manila Paper. Identified Problems/Issues and Concerns are the following:

- Tax Information: Lack of Barangay Ordinance Passed
- Lack of Proper Information with regards on Real property Tax (RPT) collections & collectibles
- Proper assessment/valuation on all RPT as provided by SP Ord. No. 357.
- Issuance of Business Permit by the Office of the Mayor without Barangay Clearance
- Illegal collorum of vehicles – What should be done?
- Proliferation of business which fall to the collections of Amusement Taxes like Video Machines, etc.
- Tax mapping of Business Establishments and Real Estate Assessment by barangay
- Theater owner's and other recreational centers which charge admission fees do not pass the Barangay claiming that they already been levied by the City of Amusement Tax
- The barangay could not pass/enact Regulatory Ordinances on overnight parking on streets, roads and open spaces since only the City Council can do so being the City owner of the property.
- Pending case against the City Government filed by Barangay Socorro – Case 2000, Trial is set on November 22, 2001, RTC Branch 85 re: Real Property Tax
- Illegal vendors due to non-payment of permit – what should be done?

With the concensus of the group on the same issues and problems, they arrived at the top five priority problems which are as follows:

- Lack of proper information regarding the power of barangay in Tax Collection
- Issuance of business permits without barangay clearance and vice versa
- No overnight parking fees imposed on car/vehicle owners on the use of streets, roads, open spaces as parking area.

* At the end of the first resource speaker used the group that they also generate income by making and property to the office business establishments setting issues without

* Mr. Neil Lind, Head of Market Development & Administration identified the group that legal vendors around the market was previously contacted and issued tickets by Market Personnel but there was recently

* Mr. Tealita Rojas, Acting City Assessor, the last resource speaker on this group suggested also to the group to report misallocation of real property from its actual use to their office for proper actions.

* A stated part of the workshop was the identification of problem areas and each participant were asked to write down their concerns and concerns on a visual board given to them. These concerns were later posted in the Manila Paper. Identified problem areas and concerns are the following:

- Lack of information: Lack of barangay ordinance
 - Lack of proper information with regard on real property tax (RPT) collection & collection
 - Proper assessment/valuation on all RPT as provided by SP Ord. No. 557
 - Issuance of Business Permit by the Office of the Mayor without Barangay Clearance
 - Illegal collection of vehicles - What should be done?
 - Identification of business which fall to the collection of Assessment like Video Machines, etc.
 - Tax mapping of business establishments and Real Estate Assessment by barangay
 - Greater owners and other educational centers which charge admission fees do not pay the barangay claiming that they already been levied by the City of Assessment tax
 - The barangay could not raise the Regulatory Ordinances on overnight parking on streets, roads and open spaces since only the City Council can do so being the City owner of the property
 - Pending case against the City Government filed by Barangay 20000 - Case No. 0001 filed on November 22, 2001, RTC Branch 82 re: Real Property Tax
 - Illegal vendors due to non-payment of permit / what should be done?
- With the concerns of the group on the same and problems they arrived at the top five priority problems which are as follows:
- Lack of proper information regarding the power of barangay in Tax Collection
 - Issuance of business permits without barangay clearance and vice versa
 - No overnight parking fee imposed on car/vehicle ownership the use of streets, roads, open spaces as highlighted.

- Non-payment of amusement tax to barangay by concerned establishment claiming that they were levied by the city government
- No permit fee being collected by the barangay on illegal vendors
- Proliferation of business establishments not conforming in the zoning classification of the area

Discussions on the identification of Program/Project Activities to correspond to the identified problems/issues and concern were identified:

- Automatic retention on all clearances, cedula due to the barangay
- Conduct of tax mapping/inventory of all business establishments, and signboards by the barangay
- Barangay to regulate the use of parks and open spaces within their respective jurisdiction.
- All closure orders of business establishment should be effected through the barangay
- Strict implementation of zoning ordinance

The Areas as Collaboration were also identified to wit:

- Deputization of Barangay officials as agents in the monitoring of delinquent tax payers (real property owners, business establishments & liquor licensing)
- The city government shall set goals for revenue collection per barangay and provide incentives for those who have exceeded their revenue targets
- Coordination with the Assessor's Office for true computation of tax in each property within their area of jurisdiction for "Suyod Buwis"

Mr. Lagasca then discussed the survey forms on socio-economic profile, actual land use and road condition. Each barangay was provided with a barangay map. He also implied that the due date for the submission of said survey forms is on January 15, 2002. The workshop was adjourn.

 Planning Officer IV

- Non-payment of assessment tax to barangay business establishments claiming that they were levied by the city government
- No benefit tax being collected by the barangay on illegal vendors
- Prohibition of business establishments not conforming in zoning classification of the area

Discussions on the identification of Program/Project Activities to correspond to the identified problems/needs and concerns were identified:

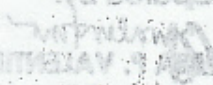

- Automatic retention on all clearances, certificates due to the barangay
- Conduct of tax mapping/inventory of all business establishments and signposts by the barangay
- Barangay to regulate the use of lots and open spaces within their respective jurisdiction
- All closure orders of business establishments should be effected through the barangay
- Strict implementation of zoning ordinance

The Areas of Collaboration were also identified to wit:

- Deputation of barangay officials or agents in the monitoring of delinquent tax payers (real property owners, business establishments & liquor licensing)
- The city government shall set goals for revenue collection per barangay and provide incentives for those who have exceeded their revenue targets
- Coordination with the Assessor's Office for the computation of tax in each property within their area of jurisdiction for "50% Bonus"

Mr. Lopez then discussed the survey forms on socio-economic, actual land use and road condition. Each barangay was provided with a barangay map. He also implied that the due date for the submission of said survey forms is on January 18, 2002. The work was completed.

I. Highlights of the Workshop

Before the start of the workshop, the attendance of the participants was taken and thereafter, a roll call of the attendance was read by the group coordinator.

The group coordinator, Engr. Tena started the discussion by introducing the group facilitator as well as the group recorder. Later, she discussed to the group the mechanics of the workshop. After this, she proceeded to the introduction of the Resource Speaker of the group which is Ms. Frederika Rentoy.

Ms. Rentoy started her discussion by citing to the body that said summit is the right venue to discuss problems regarding solid waste management. Her method of presentation was thru a multi-media presentation. The following were discussed:

- Solid Waste Management Program for Quezon City
- Definition of Solid Waste and Solid Waste Management

Group 1 Waste Management

- Felicitia Valmocino Group Leader
- Humberto Advincula Group Presenter
- CPDO Group Recorder
- BOC Group Facilitator

1. Highlights of the Workshop

Before the start of the workshop, the attendance of the participants was taken and thereafter, a roll call of the attendance was read by the group coordinator.

The group coordinator, Engr. Tena started the discussion by introducing the group facilitator as well as the group recorder. Later, she discussed to the group the mechanics of the workshop. After this, she proceeded to the introduction of the Resource Speaker of the group which is Ms. Frederika Renjoy.

Ms. Renjoy started her discussion by citing to the body that said summit is the right venue to discuss problems regarding solid waste management. Her method of presentation was thru a multi-media presentation. The following were discussed:

- > Definition of Solid Waste and Solid Waste Management
- > Solid Waste Management Program for Quezon City

- Historical Background pertaining to Solid Waste Management as mandated under the following laws and executive issuances:
 - Executive Order # 5- Creation of ESC
 - Executive Order 392- Creation of MMA
 - RA # 7160 of the Local Government Code of 1991
 - MMC Resolution #1 , S-92
 - Memorandum Order # 2 – Creation of Task Force Clean and Green
- Current Solid Waste Management of the City
 - Existing condition of Solid Waste Management
 - Existing generation which is 1,519 tons or 7,595.05 cu.m.
 - Per capita generation which is equivalent to 0.585 kg./capita/day
- Breakdown of Wastes According to Source as per 1997 JICA Study
- Composition of Wastes
- Garbage Collection
- Systems Currently used in Quezon City
 - Cell Based System
 - Stationary Cell
 - Barangay Based Collection (Task Force Clean and Green distributed among the participants a Schedule of Collection of garbage in the different baangays involved in the group so they may be guided accordingly)
- Disposal System

Ms. Rentoy informed the participants that currently QC is still using the Payatas dumpsite as the disposal site but with an area of only 6 hectares and with an expected lifespan of only 2 to 3 years. She pointed out that there is an urgent need to lessen our garbage to prolong the lifespan of the said dumpsite.
- The Proposed Solid Waste Management Program
 - Waste Reduction Program - The Three R's Strategy
 - Common Material Recovery Facility
- Short Term Strategies
- Long Term Strategies like the establishment of waste facilities
- Support Programs
 - IEC
 - Promotion of Special Projects
 - Creation of a Technical Committee
 - Monitoring & Reinforcement Group (Green Patrol)
 - Legislation

> Historical background pertaining to Solid Waste Management as mandated under the following laws and executive issuances:

- Legislation

The next part of the workshop was the identification of Problems/Issues and Concerns. The participants were asked to write down their problems/issues and concerns on a visual cards which were given them. These cards were later posted in the Manila Paper. Identified Problems/Issues and Concerns are the following:

- Disiplina
- Constituents are not cooperative in terms of garbage disposal
- Resources- cooperation of our constituents
- Cooperation
- Illegal dumping
- Illegal dumping of waste coming from passing motorists at night time
- Illegal dumping at creek
- Illegal dumping in the center islands
- It is a practice of persons living along the creek to dump their garbage
- Illegal dumping
- Dispose their human waste directly to the creek. This possess health problems. How can the city government help?
- No place to store recyclables especially tins cans
- Area for segregation and composting
- Basura ng palengke
- Major problem ang plastic
- Pamumulitika ng kagawad sa pondo sa waste management
- Implementation penalties
- Strictly enforce waste segregation with corresponding penalties on violators
- Coordination
- Communication
- Restrikyon ng city government sa dapat bilhin/gamitin sa waste management na pondo ng barangay
- Inadequate funds/space to out a center for recycling-composting
- Collection
- Untimely arrival of garbage trucks
- Mini dump trucks in narrow streets/alleys
- Plastic
- Construction debris
- Basura ng palengke
- Markets using garbage trucks instead of their own trucks
- Kariton boys (illegal dumping)

The next part of the workshop was the identification of Problems/Issues and Concerns. The participants were asked to write down their problems/issues and concerns on a visual card which was given them. These cards were later posted in the Matrix Paper. Identified Problems/Issues and Concerns are the following:

- Kathon boys (illegal dumping)
- Making using garbage trucks instead of their own trucks
- Burning plastic
- Construction debris
- Plastic
- Making dump trucks in narrow streets/alleys
- Untimely arrival of garbage trucks
- Collection
- Composting
- Inadequate incentives to out of center for recycling management no ponds no burning
- Restriction of city government's power to limit certain solid waste
- Communication
- Coordination
- on violation
- Strictly enforce waste segregation with corresponding penalties
- Inadequate penalties
- Formulating a strategy to ponds so waste management
- Major problem and plastic
- Burning plastic
- Area for segregation and composting
- No place to store recyclables especially for cans
- Health problems. How can the city government help?
- Dispose their human waste directly to the creek. This poses
- illegal dumping
- illegal dumping
- It is a reaction of persons living along the creek to clean their
- illegal dumping in the center slums
- illegal dumping at creek
- illegal dumping of waste coming from passing motorists at night
- illegal dumping
- Cooperation
- Resources-cooperation of our constituents
- Constituents are not cooperative in terms of garbage disposal
- Disturbed

The above cited problems/issues and concerns were consolidated by grouping the same issues and problems and with the consensus of the participants they later arrived at the top five priority problems which are as follows:

- Collection
 - on time as per schedule
 - segregated
- Illegal Dumping
- Lack of Coordination/cooperation
- Lack of Information and Education Campaign (IEC)
- Lack of Enforcement

Next part was the identification of Program/Project Activities to correspond to the identified problems/issues and concerns. After deliberations and discussions, the following program/project activities were arrived at:

- } Direct supervision and control of barangay over truck during collection
- } Dedicated collection
- Barangay Security and Development Officers (BSDOs) as Surveillance teams
- } Strict enforcement of environmental laws
- } IEC/Information Dissemination
- Dialogues, etc.
- Intensification of IEC
- Strict Implementation of penal provisions

The following Areas as Collaboration were also identified to wit:

- Use of calamity funds for solid waste management
- Incentive package on solid waste management
- Technical assistance

After the above activities, Engr. Tena discussed the survey forms on socio-economic profile, actual land use and road condition. Each barangay was provided with a barangay map.

Rolly Gajudo	Unang Sigaw
Xyrus Lanot	South Triangle
Renato F. Fernando	Roxas
Felimon C. Antonio	Sikatuna
Eunice C. Bucsit	Nayong Kanluran

HIGHLIGHTS OF THE WORKSHOP:

Before the workshop started, an attendance was taken from the participants. Out of 20 Barangays Captains involved only 14 were present. A roll call was made by Mr. Pineda, the group coordinator and likewise introduced group members. He discussed the mechanics of the workshop, followed by the introduction of the Resource Speaker which is Mr. Manny Sabalza, Head of Department of Public Order and Safety (DPOS), this city.

As an opening statement, Mr. Sabalza informed the group that he would present ideas and the participants to develop the same. Before he presented his topics, he requested the group to select their group leader as presenter of the workshop output in the plenary hall. The group unanimously selected Bgy. Captain Ben Santos of Phil-Am.

To continue, he emphasized the importance of DPOS being the communication nerve center for traffic and any disaster occurrence. Such as In cases of floods, the DPOS is aimed to save lives for families living near the creeks/rivers and to ensure continuous traffic flow,

At this point, Bgy. Capt. Ben Santos gave a reaction relative to the insufficient drainage going to Mariblo Creek causing flood along the streets and slow vehicular traffic flow. He suggested that the City Engineer's Office undertake cleaning of canals, the heavily silted creeks and clogged drainage. He likewise stressed out that representation was made to Cong. Calalay to include it in his barangay projects.

Mr. Sabalza continued by showing summary report of flood prone areas. It was reported that there are 376 flood prone areas in the city, in 110 barangays with only 44 evacuation centers. He gave some recommendations were the barangays could help in cases of floods and these are the following;;

HIGHLIGHTS OF THE WORKSHOP

Before the workshop started, an attendance was taken from the participants. Out of 20 participants, 14 were present. A roll call was made by Mr. Sabalza, the group coordinator and likewise introduced group members. He discussed the mechanics of the workshop followed by the introduction of the Resource Speaker which is Mr. Manny Sabalza, Head of Department of Public Order and Safety (DPOS), this city.

In an opening statement, Mr. Sabalza informed the group that he would present issues and the participants to develop the same. Before he presented his topic, he requested the group to select their group leader as presenter of the workshop output in the plenary hall. The group unanimously selected Bgy. Galdin Bon Santos of Phil-Am.

To continue, he emphasized the importance of DPOS being the communication nerve center for traffic and any disaster occurrence. Such as in case of flood, the DPOS is aimed to save lives for families living near the creeks and to ensure continuous traffic flow.

At this point, Bgy. Galdin Bon Santos gave a reaction relative to the inefficient drainage going to Matibla Creek causing flood along the streets and slow vehicular traffic flow. He suggested that the City Engineer's Office undertake cleaning of canals, the heavily silted creeks and clogged drainage. He likewise stressed that representation was made to Cong. Calaya to include it in his barangay projects.

Mr. Sabalza continued by showing summary report of flood prone areas. It was reported that there are 378 flood prone areas in the city. In 170 barangays with only 44 evacuation centers. He gave some recommendations were the barangays could help in

- Encourage residents to evacuate when water level reach dangerous levels
- Instant manning of BSDOs

He also added the traffic rerouting plan, example given is the rerouting plan at Bgy. Tatalon particularly Araneta Avenue.

He presented statistics on the number of fire/emergency responded. At this point he requested Major Oscar Villegas of the QC Fire Department to discuss the matter.

Concerning fire incidences, Mr. Sabalza cited the following;

Agency's concern;

- Provide clear passage for the firetrucks
- Crowd control
- Assist in the immediate needs of the Bureau of Fire

Bgy. Concern;

- To look fire hydrants status
- Ensure that fire hydrant is not blocked

He cited the example of fire incidence at Bgy. Pinahan. He presented pictures, giving emphasis on the presence of vehicles on the street and narrow streets which hampers the immediate entry of firetrucks.

Recommendation given to the barangay were the following;

- Encourage one (1) side parking to clear roadway
- Provide assistance to the Bu. Of Fire by identifying the nearest fire hydrants in the area
- Man the belonging of the residents

Lastly, he mentioned the presence of dangerous structures and discussed the basic requirements to comply such as secondary exit, stairway, window opening etc. He requested the barangay to report any perceived dangerous structure to DPOS Communication Center for proper action.

The second part of the workshop is the identification of major problems/concerns, projects /activities in the barangay and areas of collaboration. Before proceeding to the first activity, Mr. Pineda reiterated the mechanics of workshop & the time limit. He was assisted by the group facilitator in the distribution of visual cards to the participants to write down their ideas. It was posted later at the Manila Paper for group discussion. The identified major problems/concerns were the following;

- Double parking
- Blocked fire hydrants
- Flood prone
- Illegal parking
- Fire hazard buildings; St. Joseph College, Trinity College, Rosa Sevilla Memorial School, Jerusalem Elem. School
- Fire hazard
- Traffic congestion no warning signs
- 3-meter creek clearing/dredging
- Inspection of fire hydrants
- Report dangerous structures
- Drainage along V. Luna and Anonas

- Encourage residents to evacuate when water level reaches dangerous levels
- Present findings of 1970s

He also added the traffic routing plan, example given in the meeting given at 18th Tullon Parkway Avenue Avenue.

He presented statistics on the number of firemen engaged, responded. At this point he requested Major Oscar Villegas of the OC Fire Department to discuss the matter.

Concerning the incident, Mr. Sabatiz cited the following:

Agency's concern:

- Assist in the immediate needs of the Bureau of Fire
- Crowd control
- Provide clear passage for the fire trucks

City Concern:

- Ensure that the hydrant is not blocked
- To look the hydrant status

He cited the example of the incident at Sky Finister. He presented pictures, giving emphasis on the presence of vehicles on the street and narrow streets which hinders the immediate entry of fire trucks.

Recommendation given to the agency were the following:

- Plan the placement of the hydrant
- Provide assistance to the B.U. Of Fire by identifying the nearest fire hydrant in the area
- Encourage one (1) lane parking to clear roadway

Lastly, he mentioned the presence of dangerous structures and discussed the basic requirements to comply such as secondary exit, stairway, window opening etc. He requested the agency to report any perceived dangerous structure to EPCS Commission Center for proper action.

The second part of the workshop is the identification of major problem concerns, project activities in the agency and areas of collaboration. Before proceeding to the first activity, Mr. Finister related the mechanics of workshop & the time limit. He was assisted by the group facilitator in the distribution of visual cards to the participants with down their table. It was pointed later at the Minutes Paper for group discussion. The identified major problem concerns were the following:

- Hazard buildings: St. Joseph College, Trinity College, Santa Cecilia Academy
- School, Jerusalem School
- Fire hazard
- Traffic congestion, no warning signs
- 3-month road clearing/grading
- Inspection of the hydrants
- Hazard dangerous structures
- Illegal parking
- Flood prone
- Blocked fire hydrants
- Double parking

- Encroachment on the 3-meter easement
- Traffic at UDMC
- Flood along Matimyas Street
- No markers for intersection/pedestrian lanes
- To add more rubber boats of DPOS
- Inspection of abandoned bldgs, areas occupied by squatters
- Implementation of 1-side parking
- Clogged drainage/flood along E. Rodriguez Sr. Ave. in front Walter Mart and Delos Santos Medical Center
- Illegal parking and terminal along Data Street, Ramirez and Sto. Tomas
- Lack of Rubber boats
- Accident Prone

In the process, 5 major problems were taken out of the suggested/identified problems/concerns and these are the following;

- Defective fire hydrants
- On street parking along narrow street
- Lack of inspection, monitoring of high risk structure/fire prone areas
- Insufficient warning signs in danger zones and intersections
- Occurrence of floods in areas near waterways/clogged drainage

Out of these 5-problems project/activities identified were the following;

Defective fire hydrants;

- Request fire department to check if fire hydrants are operational or not
- Identify areas where fire hydrants are installed
- Ensure that fire hydrants are free from obstruction

On street parking along narrow streets

- Implement 1-side parking in city streets particularly subdivisions with narrow streets

Lack of inspection, monitoring of high risk structures/fire prone areas

- Inspect abandoned bldgs, areas occupied by squatters/congested areas

Insufficient warning signs in danger zones and intersections

- Install signages in danger zones and intersections

Occurrence of flood in areas near waterways/clogged drainage

- Request the Engineering Office to undertake de-clogging/rip-rapping of creeks and waterways

For the last activity, in areas of collaboration the participants considered the following;

- Request the congressmen/senators to fund project like construction of drainage and rip-rapping of creeks
- Barangay will provide for the services/workforce, government will take care of the logistics
- Identifying street which can be converted into 1-way street and for the City Council to approved/enact ordinances pertinent to it, to ease traffic congestion

- Council to approach appropriate agencies to ease traffic congestion
- Identifying street which can be converted into 1-way street and for the City
- Barangay will provide for the services/workforce, government will take care of the and up-keeping of creels
- Request the congressmen/senators to help project the construction of drainage

For the last activity, in areas of collection the residents considered the following:

- Request the Engineering Office to undertake de-clogging/up-keeping of creels and waterways
- Occurrence of flood in areas near waterways/clogged drainage
- Install signage in danger zones and intersections
- Inefficient warning signs in danger zones and intersections
- Inspect abandoned bldgs, areas occupied by squatter/clogged areas
- Lack of inspection, monitoring of high risk structures prone areas
- Implement 1-side parking in city streets particularly subdivisions with narrow streets
- On street parking along narrow streets

On street parking along narrow streets

- Ensure that the hydrants are free from obstruction
- Identify areas where the hydrants are installed
- Request the department to check if the hydrants are operational or not

Defective fire hydrants:

Out of these 2-problems project/activities identified were the following:

- Occurrence of floods in areas near waterways/clogged drainage
- Inefficient warning signs in danger zones and intersections
- Lack of inspection, monitoring of high risk structures prone areas
- On street parking along narrow streets
- Defective fire hydrants

In the process, 2 major problems were taken out of the suggested/identified problem/activities and these are the following:

- Accident prone
- Lack of fire hydrants
- Illegal parking and terminals along Dana Street, Ramirez and Sto. Tomas
- Dejos Santos Medical Center
- Clogged drainage/flood along E. Rodriguez Sr. Ave. in front Water Mall and
- Implementation of 1-side parking
- Inspection of abandoned bldgs, areas occupied by squatters
- To add more rider seats of DPDS
- No markers for intersection/pedestrian lanes
- Flood along Marimay Street
- Traffic at UDMC
- Encouragement on the 3-meter easement

- Identifying street where parking can be allowed and not allowed and for the City Council to approve/enact ordinances for the purpose
- For the government to strictly enforce the laws, ordinances and regulations concerning problems/violations affecting the constituents
- For the barangay to strictly/closely monitor these violations/problems, do action on this, and report to the agencies concerned
- Make sure that proper coordination be done in order to improve the relationship between the government agencies
- All issuances/orders be furnished to the barangays
- Program of activities regarding public safety must be held every year to be spearheaded by city hall/DPOS with participation of barangay officials
- Require the agencies concerned to update the barangay on what actions have been done on the complaints filed in their offices by private individual or barangay
- Identify specific duties/responsibilities of the PNP and the bgy. Tanods in cases of emergencies
- Maintain hand held radios in barangays

After the last activity, Mr. Pineda gave an orientation regarding the survey forms likewise provided each participant with a barangay map for reference.

GROUP 4 : INFORMAL SETTLERS

Resource Speaker : Mr. Ramon T. Asprer, Head, People's Bureau
Support Resource Person: Ms. Fe Macale, SSDD
Group Coordinator : Ms. Alicia C. Padua, CPDO
Facilitator : Mr. Jason Burce, BOC
Recorder : Mr. Paulo C. Cortez, CPDO
Observers : Atty. Victoria V. Loanzon, Asst. Sec. To the
Mayor
Dr. Ma. Paz Ugalde, City Health Officer
Dr. Teresita Novera, Medical Officer VI
Ms. Gloria Eugenio, City Administrator's Office
Mr. Romy Espino, COPRISS

PARTICIPANTS:

Mr. Roberto C. Fortuno - Bgy. Chairman, Vasra
Mr. Alfredo A. Anos, Jr. - Bgy. Chairman, Paltok
Mr. Leopoldo Sta. Maria, Jr - Bgy. Chairman, Del Monte
Mr. Jose J. Valdez - Bgy. Chairman, Sto. Domingo
Mr. Felicisimo L. Opriasa - Bgy. Chairman, Manresa
Mr. Armando Endaya - Bgy. Chairman, Bagong Silangan
Mr. Antonio A. Ancheta - Bgy. Chairman, Fairview
Ms. Flora C. Gasser - Bgy. Chairman, North Fairview
Ms. Emerita C. Pecson - Bgy. Chairman, Payatas
Mr. Rey Miranda, Jr. - Bgy. Chairman, Kaligayahan
Ms. Evangelina L. Mangaliman - Bgy. Bgy. Chairman, Escopa II
Mr. Alejandro Z. Mejia, Jr. - Bgy. Chairman, Kristong Hari
Mr. Rommel P. Asuncion - Bgy. Kagawad, Pansol
Mr. Ronnie B. Sicat - Bgy. Chairman, Central

HIGHLIGHTS:

- ◆ Workshop started at about 1:30 P.M. Mr. Jason Burce of BOC, facilitator, opened the discussion by calling on the participant barangay captains to introduce themselves. He then introduced the members of the technical panel: Mr. Ramon T. Asprer (Resource Speaker), Ms. Fe Macale (Support Resource Person), Ms. Alicia C. Padua (Group Coordinator) and Mr. Paulo C. Cortez (recorder).
- ◆ Ms. Padua discussed the mechanics of the workshop. Said activity is divided into three (3) workshops to wit:
 - 1) identification of issues and problems;
 - 2) identification of programs/projects/activities based on the identified issues; and
 - 3) identification of proposed areas of collaboration between the barangay and the city government.

DISCUSSION:

Workshop started at about 1:30 P.M. Mr. Jatas Buce of SDC facilitated the discussion by calling on the participant resource speakers to introduce themselves. He then introduced the members of the technical panel: Mr. Ramon T. Asper (Resource speaker), Mr. Fe Macala (Subject Resource Person), Mr. Alida C. Padua (Group Coordinator) and Mr. Paulo C. Cortez (Recorder).

Ms. Padua discussed the mechanics of the workshop. She divided the workshop into three (3) workshops to wit:

- 1) Identification of issues and problems;
- 2) Identification of programs/projects/activities based on the identified issues and;
- 3) Identification of proposed areas of collaboration between the barangay and the city government.

The group has to produce output as per workshop. To discuss the workshop output during the plenary, the participants have elected Mr. Ronnie B. Sicat of Bgy. Central as their group leader/spokesperson.

- ◆ Ms. Padua also made mention of a data base building activity which would be discussed after the workshop.
- ◆ Mr. Ramon T. Asprer of the People's Bureau discussed his report on the present situation of the city's informal settlers. He informed the participants of the magnitude of the informal settlers in the city (by District, the largest is in District II, and by barangay) and its location. He also discussed several programs and projects of the City, such as:
 - 1) on-site development (CMP, Direct Sale)
 - 2) off-site development (relocation)
 - 3) containment;as well as their accomplishments, such as:
 - 1) CMP Projects (98 taken-out projects w/ 4,284 beneficiaries)
 - 2) Relocation/Resettlement (48 areas cleared w/ 6,338 beneficiaries).
- ◆ The group then proceeded with the workshop proper. The first phase was the identification of issues and problems affecting the barangays. Using the visual cards, each participant has to write down issues/problems which he/she thought has affected their barangay. These visual cards are then placed in the Manila Paper.

IDENTIFIED ISSUES/PROBLEMS:

- ◆ Bahay sa kalye
- ◆ Bahay sa sidewalk
- ◆ Bahay sa gilid ng sapa
- ◆ Shanties sa creek
- ◆ Bahay sa ilalim ng tulay
- ◆ Shanties - okupado ang mga sidewalks at bangketa
- ◆ Pahingahan/bahay sa dulo ng alley
- ◆ Tindahan sa ibabaw ng line canal
- ◆ Mga dingding ng bahay sagad sa line canal
- ◆ Squatter sa likod ng barangay
- ◆ Bgy. Fairview - Permanent residents at Fairview Park, QC consider the squatters' sons/daughters of our land. Hence, we treat each other as children of God.
- ◆ Magpipinsan na di mapagbigyan na dumikit ng maliliit na kuwarto
- ◆ Aming lugar ay dini-develop na may posibilidad pa bang I-demolish ito
- ◆ Nasunog na ang mga squatter, may karapatan ba silang bumalik
- ◆ Illegal establishments on sidewalk
- ◆ Paano maaalis ang mga nakatira sa kalye
- ◆ Nagpapa-construct ng malalaking building na di puwedeng mag-stay-in ang mga trabahador
- ◆ Squatters - Muslims
- ◆ Hindi maawat na pagdami ng illegal structures
- ◆ Syndicate
- ◆ Professional squatters na nagbebenta ng rights at nagpapaupa ng mga barong-barong
- ◆ Presence of professional squatters - selling of rights

- ◆ Alamin kung talagang may tunay na titulo at may-ari ng mga lupa sa tabing-ilog (fake titles)
- ◆ Presence of land syndicate w/ fake titles like 4136 0-4 (San Pedro-Readico)
- ◆ Relocation site
- ◆ Land tenure
- ◆ Awareness on every department services to community
- ◆ Enforcement of the implementation of law
- ◆ No action taken by different government offices to demolish reported illegal structures
- ◆ RA 7279 should be strictly implemented by all offices of the government
- ◆ Gawing regular ang ugnayan sa mga barangay
- ◆ Hold-up during traffic
- ◆ Malawakang snatching
- ◆ Akyat bahay gang
- ◆ Parang pelikula, tapos na ang krimen bago dumating ang pulis
- ◆ Drug addiction
- ◆ Hawkers
- ◆ Nagiging organized na ang crime dahil kulang sa ugnayan
- ◆ Kawalan ng kaayusan at katahimikan ang kapaligiran
- ◆ Walang trabaho
- ◆ Walang sapat na kasanayan
- ◆ sapat naman ang pondo, pero hindi pinapayagang mag-purchase ng medicine at iba pang tulong para sa mahihirap
- ◆ nasaan na ang P 52-M budget para sa rip-rapping (Proj. of Sen. Nikki Coseteng) para sa Dario River

Based on the discussion, the no. of issue/problems identified was trimmed down into five (5):

- 1) increasing number of informal settlers
- 2) lack of political will to implement and enforce existing laws
- 3) no genuine housing program
- 4) increasing crime rate and
- 5) poverty.

- ◆ The second phase is the identification of programs, projects or activities based on the identified issues/problems.

IDENTIFIED PROJECTS/PROGRAMS/ACTIVITIES

- ◆ Report all illegal on-going construction
- ◆ Adopt a resolution of the bgy. to monitor and prevent the influx of informal settlers
- ◆ Give specific task on squatting proliferation - put in black and white
- ◆ Control the migrants of informal settlers by conducting census
- ◆ Empower the barangay to demolish illegal structures
- ◆ Commitment
- ◆ Tigil gibaan at tigil tayuan hangga't walang malinaw na programa ang pamahalaan
- ◆ Maging matapang at matibay ang mga departamento na dapat magpatupad ng batas
- ◆ Enforcement (crime)
- ◆ Awareness and information drive

- ◆ Enforce (China)
- ◆ Negotiate with local government
- ◆ Making a plan of action
- ◆ Mobilizing resources
- ◆ Getting the support of the community
- ◆ Getting the support of the government
- ◆ Getting the support of the media
- ◆ Getting the support of the public
- ◆ Getting the support of the private sector
- ◆ Getting the support of the academic community
- ◆ Getting the support of the international community
- ◆ Getting the support of the local government
- ◆ Getting the support of the local media
- ◆ Getting the support of the local public
- ◆ Getting the support of the local private sector
- ◆ Getting the support of the local academic community
- ◆ Getting the support of the local international community
- ◆ Getting the support of the local government
- ◆ Getting the support of the local media
- ◆ Getting the support of the local public
- ◆ Getting the support of the local private sector
- ◆ Getting the support of the local academic community
- ◆ Getting the support of the local international community

- based on the discussion, the 4th of January 2001 meeting was held
- 1) increasing number of informal settlers
 - 2) lack of political will for implementation and enforcement
 - 3) no adequate housing program
 - 4) increasing crime rate
 - 5) poverty

◆ The second phase is the identification of program projects or activities based on the identified issues/problems.

IDENTIFIED PROJECTS/PROGRAMS/ACTIVITIES

- ◆ Report all legal on-going construction
- ◆ Adopt a resolution of the city to monitor and prevent further informal settlers
- ◆ Give specific task on squating prevention - out in black and white
- ◆ Control the migrants of informal settlers by conducting census
- ◆ Empower the barangay to demolish illegal structures
- ◆ Commitment
- ◆ Jigil disson of all town barangay - warning letters no protesting and demolition
- ◆ Making a plan of action
- ◆ Mobilizing resources
- ◆ Getting the support of the community
- ◆ Getting the support of the government
- ◆ Getting the support of the media
- ◆ Getting the support of the public
- ◆ Getting the support of the private sector
- ◆ Getting the support of the academic community
- ◆ Getting the support of the international community
- ◆ Getting the support of the local government
- ◆ Getting the support of the local media
- ◆ Getting the support of the local public
- ◆ Getting the support of the local private sector
- ◆ Getting the support of the local academic community
- ◆ Getting the support of the local international community

- ◆ Demolisyon sagot ng bayan
- ◆ Create special task force to assist barangay to w/c will immediately demolish new/under construction illegal structures
- ◆ Bigyan ng pantay-pantay na sukat ang bawat pamilya na nakatira sa mga lote na na-occupy lalo na kung ito ay government property
- ◆ Parusahan ang mga namumuno ng Professional squatters sa pakikipag-ugnayan ng Bgy. Capt. At ang City Official na ang bahalang maghabla sa bawat mahuhuli
- ◆ Promote police, city government and barangay visibility
- ◆ Regular meeting - updating, evaluating and reporting
- ◆ Payuhan ang mga urban poor na tigilan na muna ang pag-anak; mag-sungka na lang sa gabi
- ◆ Conduct meetings, organize Pos regarding RA 7279
- ◆ Order the COPRISS to demolish all illegal on-going structures
- ◆ Tamang proseso sa pagpapatupad ng batas na hindi pinagpapasapahan
- ◆ Para matigil ang pagdami ng squatters, rebisahin ang mga pekeng titulo sa pamamagitan ng pakikipagsabwatan ng mga maimpluwensiyang nasa pamahalaan
- ◆ Survey na certified ng barangay sa mga indigent families na talagang mahihirap
- ◆ Negotiate with the title owner for possible CMP programs
- ◆ Tamang batas upang di matakot ang mga bgy. officials upang masansala ang mga illegal na gawain
- ◆ Bigyan ng puhunan ang mahihirap
- ◆ Livelihood training and seminar
- ◆ Active program para sa livelihood - para iyung mga walang trabaho ay makapag-isip
- ◆ Service orientation

Based on the discussion, the proposed projects and activities were consolidated and simplified as follows:

- 1) monitoring, containment and enforcement (barangay based)
 - 2) research and information
 - 3) assist in the CMP process such as land negotiation & community organization
 - 4) enforcement of pertinent laws
 - 5) livelihood programs.
- ◆ The last phase is the identification of proposed areas of collaboration, wherein the barangay and the city government had to work out towards development. The group has identified two (2):
 - 1) continuing coordination between the city and the barangay
 - 2) education and information exchange (dissemination, information exchange)
 - ◆ Ms. Padua proceeded with the discussion of the survey, which the concerned barangays have to accomplish as some sort of an "assignment." The survey would be a barangay activity intended to establish data base which would be helpful in formulating programs and projects. This is expected to be completed by January 2002. Ms. Padua presented and discussed the survey forms, which would be used. The forms deal on the socio-economic condition of the household, the actual

land use, and the condition of roads in the barangay. Barangay maps showing the lots and roads which would also be a tool in the survey were distributed to the barangay captains.

- ◆ The workshop was adjourned at about 4:00 P.M.

• Functions of CEO

• Discussion of different Division Chiefs of CEO

Identification of issues, problems and concerns by Bgy. Officials

The following were identified:

- **Illegal signages**
- **Illegal structures against National Building Code**
- **Illegal structures along creek**
- **Water leak/MWSS**
- **Open canals getting wider**
- **Illegal parking of heavy trucks**
- **Illegal structures along vacant national roads. Along MWSS property**
- **Lack of monitoring of compliance to Bldg. Code for new structures**
- **Old structures that are fire hazard**
- **Boundary with Manila along Blumentritt**
- **Worn-out roads**
- **Clogged/silted creeks**
- **Not functioning fire hydrants or none at all**
- **Personnel assigned always come late**
- **Restricted use of private subdivision roads as public access alternate route**
- **Lack of equipments for repair and maintenance**

As additional insight, Mr. Nacienceno informed that the asphalt plant located at Bgy. San Bartolome is now operational. Also, that by year 2002 CEO expects to increase equipment resources thru repair maintenance and procurement of new equipments.

Regarding building inspection, Mr. Nacienceno cited that there are about 70,000-80,000 structures within Quezon City, the CEO cannot inspect/monitor all these structures and is enjoining help from Bgys. on this.

Bgy. Captain La Rainne A. Sarmiento discussed identified issues and problems together with the members of the group.

The identified problems and issues were later prioritized into:

- **Obstruction of roads/public areas**
- **Roads/Infra, Damage/Deficit**
- **Restricted use of private subdivision roads as public access/alternate route**
- **Lack of equipments/human power**

Identification of projects and activities corresponding to prioritized issues then followed

- **Negotiate/ask violators to voluntarily clear obstruction made**
- **Report to CEO for urgent action**
- **Monitor compliance with condition of permit/law**
- **Purchase additional equipments**
- **Monitor compliance to Bldg. Code of new construction**
- **Rationalize assignments/tasking**

Identification of issues, problems and concerns by the Officials

The following were identified:

- illegal signage
- illegal structures against National Building Code
- illegal structures along creek
- Water leaks/WSS
- Open canals getting wider
- illegal parking of heavy trucks
- illegal structures along vacant roads/roads. Along WSS property
- Lack of monitoring of compliance to Bldg. Code for new structures
- Old structures that are the hazard
- Boundary with Manila along Blumentritt
- Worn-out roads
- Clogged/drainage canals
- Not functioning fire hydrants or no water
- Personnel assigned always come late
- Restricted use of private subdivision roads as public access alternate route
- Lack of equipments for repair and maintenance

An additional insight, Mr. Nacionano informed that the asphalt plant located at Bgy. San Bartolome is now operational. Also, that by year 2002 CEG expects to increase equipment resources thru repair/maintenance and procurement of new equipments.

Regarding building inspection, Mr. Nacionano cited that there are about 10,000-15,000 structures within Quezon City, the CEG cannot inspect/monitor all these structures and is enjoying help from Bgy. on this.

Bgy. Captain La Raine A. Sembrino discussed identified issues and problems together with the members of the group.

The identified problems and issues were later prioritized into:

- Obstruction of road/public areas
- Roadblocks; Damaged/Defect
- Restricted use of private subdivision roads as public access alternate route
- Lack of equipment/human power

Identification of projects and activities corresponding to prioritized issues then followed:

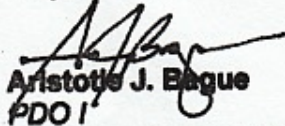

- Negotiate/ask violators to voluntarily clear obstruction made
- Report to CEG for urgent action
- Monitor compliance with condition of permit/allow
- Purchase additional equipments
- Monitor compliance to Bldg. Code for new construction
- Rationalize assignment/asking

Identification of areas of collaboration

- Authorize Bgys. to purchase equipments
- Bgy. to recommend additional budget for Engineering
- Bgy. self reliance
- Seminar/information on codes/laws (Bldg. Code, etc.)

The group adjourned at about 3:40 p.m.

* participated in the morning session but did not attend the workshop proper

II. CALL TO ORDER

Ms Remy G. Furiscal of City Planning and Development Office (CPDO) started with the introduction of the staff involved to assist the workshop. She introduced Mr. Ed Fontanilla of Barangay Operations Center (BOC) as facilitator, Ms. Agnes S. Verano of CPDO as the recorder and she as the group coordinator. She then made a roll call of the 13 participants present which includes 10 Bgy. Captains and 3 Kagawads.

III. MECHANICS/ Introduction of Resource Speaker

Ms. Furiscal gave the mechanics of the workshop. She corroborated that the discussion will be composed of two parts. The first should generate three (3) outputs, namely: (1) Problems, Issues and Concerns (2) Projects and Activities of the barangay/s addressing the needs of the problems identified; and (3) Areas of Collaboration, wherein this should be viewed in entirely different angle. It maybe a program or a problem and that the developmental effort of the barangay is of the least assistance from the city government. The second part will be an orientation/ briefing of survey forms.

Participants were also informed that the resource speaker will be the discussion group leader and that they should elect among themselves the presenter of their output.

She then presented the speaker of the group, Central Police District (CPD) P/C Supt. Gen. Rodolfo Tor.

**BARANGAY LEADERS CONSULTATION SUMMIT
WORKSHOP PROCEEDINGS**
Discussion Group: Peace and Order
1:30 - 3:30 P.M. November 10, 2001
Amaranto Multi-Purpose Hall

II. CALL TO ORDER

Ms. Henry G. Funsal of City Planning and Development Office (CPDO) stated with the introduction of the staff involved to assist the workshop. She introduced Mr. Ed Fontanilla of Barangay Operations Center (BOC) as the facilitator. Mr. Agnes S. Varano of CPDO as the recorder and she as the group coordinator. She then made a roll call of the 13 participants present which includes 10 Bgy. Captains and 3 Kagawads.

III. MECHANICS: Introduction of Resource Speaker

Ms. Funsal gave the mechanics of the workshop. She contended that the discussion will be composed of two parts. The first should generate three (3) outputs, namely: (1) Problems, Issues and Concerns (2) Projects and Activities of the barangays addressing the needs of the problems identified; and (3) Areas of Collaboration, wherein this should be viewed in entirely different angle. It may be a program or a problem and that the developmental effort of the barangay is of the least assistance from the city government. The second part will be an orientation/drafting of survey forms.

Participants were also informed that the resource speaker will be the discussion group leader and that they should elect among themselves the presenter of their output.

She then presented the speaker of the group, Central Police District (CPD) P/C Supl. Gen. Rodolfo Tor

Gen. Tor delivered succinct yet distinct informations about peace and order. He named various threat groups which causes destabilization of peace and order in the city, such as the Local Communist Members (LCM), the MILF and Abu Sayaff Group, the Pro-Erap Group and other crime groups (kidnap for ransom, akyat bahay gang, hold up/ robbery, carnapper gang, cellphone snatchers and illegal users and pushers). He believed that the purpose of this Barangay Leaders Summit is to come up with standard, concrete and definable plan of actions or solutions to the problems pertaining to the abovementioned threat groups. He also pointed out that in the core of the CPD Office, there is a shortage in facilities and manpower. At present, there are 2,400 policemen tasked to maintain peace and order in the city's 2.17 population. Furthermore, CPD has 67 motor vehicles, of which, half of this number are unserviceable.

V. WORKSHOP PROPER

Nomination of spokesperson among the group ensued. Bgy. Capt. Martin Diño of Bgy. San Antonio was elected to present the three outputs of the workshop at the plenary.

At this point Ms. Furiscal gave a detailed explanation on the mechanics of the workshop using visualization cards.

Cue cards were distributed among the group members and identification of problems and issues pursued.

Part I Workshop Outputs

Output No. 1 Problems, Issues and Concerns

The following were the various issues, problems and concerns identified by all participants:

- Proliferation of drugs users and pushers
- Increasing number of crime against property/ person (Snatching motorcyle, cellphone, bags and jewelry, robbery/ hold-up, kidnap for ransom gang)
- Lack of manpower
- Poor communication equipment
- Lack of patrol cars
- Need to assign in every police station inquest fiscal
- Lack of police visibility
- Juvenile delinquency
- Fraternity groups
- Drag racing
- Minor drivers
- Traffic congestion
- No City pound for astray animals
- Need to install silencer in tricycles
- Incidence of domestic violence (rape, incest)
- Illegal squatting
- Illegal gambling (jueteng, video karera)

IV. HIGHLIGHTS OF THE PRESENTATION

Gen. Tor delivered succinct yet distinct information about peace and order. He named various threat groups which cause destabilization of peace and order in the city, such as the Local Communist Members (LCM), the MILF and Abu Sayeff Group, the Pro-Front Group and other crime groups (kidnap for ransom, ekwet baryay gang, hold up/robbery, camorper gang, cellphone snatchers and illegal users and pushers). He believed that the purpose of this Barangay Leaders Summit is to come up with standard, concrete and definable plan of actions or solutions to the problems pertaining to the above-mentioned threat groups. He also pointed out that in the core of the CRD Office, there is a shortage in facilities and manpower. At present, there are 2,400 policemen tasked to maintain peace and order in the city's 217 population. Furthermore, CRD has 87 motor vehicles, of which, half of this number are unserviceable.

V. WORKSHOP PROPER

Nomination of spokesperson among the group ensued. Bgy. Capt. Martin Gino of Bgy. San Antonio was elected to present the three outputs of the workshop at the plenary.

At this point, Mr. Fuzical gave a detailed explanation on the mechanics of the workshop using visualization cards.

One cards were distributed among the group members and identification of problems and issues ensued.

Part I Workshop Outputs

Output No. 1 Problems, Issues and Concerns

The following were the various issues, problems and concerns identified by all participants:

- * Protection of drugs users and purpers
- * Increasing number of crime against property (arson)
- * Snatching motorcycle, cellphone, bags and jewelry (robbery/hold-up, kidnap for ransom gang)
- * Lack of manpower
- * Poor communication equipment
- * Lack of patrol cars
- * Need to assign in every police station (input barang)
- * Lack of police visibility
- * Juvenile delinquency
- * Fraternity groups
- * Drug racing
- * Minor drivers
- * Traffic congestion
- * No City pound for stray animals
- * Need to install officer in tricycles
- * Incidence of domestic violence (rape, incest)
- * Illegal gambling
- * Illegal gambling (luoteng, video karuta)

These were then prioritized into top 5 based on the most cited problems as follows: 1.) Proliferation of drug users and pushers; 2.) Increasing number of crime against property/ persons; 3.) Lack of police manpower, facilities and equipment; 4.) Juvenile delinquency; and 5.) Traffic congestion.

Output No. 2 Recommended Projects and Activities

Following upon the identification of these problems, the barangay leaders were again asked to jot down the programs and projects their respective bgy's can implement to address the aforesaid issues and concerns.

Proliferation of drugs users and pushers

- Information and Education Campaign
- Submit pinpointed illegal drug users and pushers to proper authorities
- No bail recommended for drug users and pushers
- Barangay resolution for additional fund for rehabilitation centers
- Coordination & monitoring

Crime against property (snatching, robbery, hold-up)

- Capability building of BSDO's
- Visibility of BSDO's
- Provision/ upgrade of communication equipment of BSDO's

Lack of Manpower/ Facilities

- Appropriation of barangay fund for purchase of motor vehicles
- Solicit assistance from private/ business sector, NGO's etc.
- Joint police and BSDO's visibility
- Barangay resolution requesting city council for the construction of motorpool inside Camp. Karingal.

Juvenile Delinquency

- Conduct of seminar regarding RA 603 (child protection)
- Strict enforcement of laws (RA 7610 – child abuse)
- Activate/ convene Barangay Council for the Protection of Children.
- Conduct of value formation seminars
- Barangay council resolution requesting for expansion of Molave Youth Home and intensification of its services.

Traffic Congestion

- Instill discipline to all erring drivers
- Strict monitoring of traffic enforcers
- Deputized barangay officials/ policemen
- Police visibility together with BSDO's
- Time frame of the deputization of barangay officials/ BSDO's
- Improve traffic rules.

Output No. 3 Areas of Collaboration

The third output formulated has relevance to the areas of collaboration or the joint developmental effort of the barangay with and the city government including the private sector, people's organization and, NGO's and community as well.

- Improve existing facilities of Tahanan Center/ QCADAC
- Provision of pool of trainers/ lecturers (DARE)
- Police/ BSDO visibility
- Provision of additional manpower and improve facilities and equipment
- Improve facilities of Molave Youth Home

- * Improve facilities of Mawla Yash Home
- * Provision of additional manpower and improve facilities and equipment
- * Police BSO visibility
- * Provide pool of trained lecturers (DARE)
- * Improve existing facilities of Tahrir Center (QADAC)

The final output formulated has relevance to the areas of collaboration for the joint developmental effort of the barangay with and the city government including the private sector, people's organization and NGOs and communities as well.

Output No. 3 Area of Collaboration

- * Improve traffic rules
- * Time frame of the deputization of barangay officials (BDO)
- * Police visibility together with BSO's
- * Deputized barangay officials/police men
- * Strengthening of traffic enforcers
- * Instill discipline to all emerging drivers

Traffic Congestion

- * Home and relocation of its services
- * Barangay council resolution requesting for expansion of Mawla Youth Center
- * Conduct of value formation seminar
- * Activate convene Barangay Council for the Protection of Children
- * Strict enforcement of laws (RA 7610 - child abuse)
- * Conduct of seminar regarding RA 602 (child protection)

Juvenile Delinquency

- * Barangay resolution requesting city council for the construction of motorcycle inside Camp Kanangal
- * Barangay resolution requesting city council for the construction of
- * Joint police and BSO's visibility
- * Solicit assistance from private business sector, NGOs etc.
- * Application of barangay fund for purchase of motor vehicles

Lack of Manpower/Facilities

- * Provision upgrade of communication equipment of BSO's
- * Validity of BSO's
- * Capability building of BSO's

Crimes against property (snatching, robbery, hold-up)

- * Coordination & monitoring
- * Barangay resolution for additional fund for transportation services
- * No bail recommended for drug users and pushers
- * Submit pinpointed illegal drug users and pushers to proper authorities
- * Information and Education Campaign
- * Identification of drug users and pushers

Following upon the identification of these problems, the barangay leaders were again asked to jot down the programs and projects that respective divisions can implement to address the identified issues and concerns.

Output No. 2 Recommended Projects and Activities

These were then prioritized into top 5 based on the most cited problems as follows: 1.) Provision of drug users and pushers; 2.) Increasing number of crimes against property; 3.) Lack of police manpower, facilities and equipment; 4.) Juvenile delinquency; and 5.) Traffic congestion.

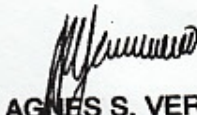

- Implementation of Barangay ID System

Part II. Briefing/ Orientation of Survey Form.

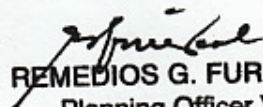

Before the workshop proper concluded, Ms. Furiscal tackled the second component of the workshop. Briefing on the 3 survey forms were done which include socio-economic survey, land use survey, and road condition survey. This, according to her shall be disseminated and accomplished by the barangay to its constituents as per order by the Hon. City Mayor to establish data bank in their respective area of concern. Result of this survey will then be the basis in the planning of barangay development programs, projects and activities. She reminded the group that deadline for submission would be end of January 2002.

VI. The workshop ended at 4:00 o'clock p.m.

II. WORKSHOP PROCEEDINGS

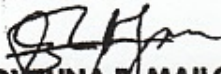

Mr. Pedro Garcia of City Planning and Development Office introduced the staff involved in the beautification, streetlighting and greening. They include Mr. Lovelina R. Mallari, from City Planning and Recorder, Ms. Espenita Calderon and Ms. Alejandra Solorzano both from the Barangay Operations Center as group moderators. There are 2 stages of the workshop: the first stage consists of 3 parts: the first part is the identification of problems, issues and concerns of their barangay; the second part will deal with the program, project and activities that the barangay can implement on their own and the third part will be the area of collaboration wherein the local government, non-government organizations, PO's and the community will work hand in hand to respond to the different problems of the barangay. They may do so in a form of program, resource or project. The second stage is the presentation of survey forms. He further explained the mechanics of the workshop. After which, Mr. Garcia introduced the resource speaker who is the department head of Parks, Development and Administration Department, Engr. Ledy Dada Rosal.

He welcomed the barangay captains present and discussed the vital functions of the department which include development of identified city owned open spaces, intended for parks and playgrounds, beautification of central streets and intersection in QC and undertake the electrification of various thoroughfares and their maintenance. He mentioned that

341 undeveloped. The department encounters problems in maintenance of these parks due to meager fund allocation and lack of personnel to oversee and maintain the parks. He urged each barangay to assist the department in monitoring and checking of streetlights in their area. This would be a great help for the city as a whole.

- The workshop proper commenced with the identification of problems where each Bgy. Captain posted their concerns and issues in their areas of responsibility.
- The problems were grouped into 4 sets and were identified. They include lack of streetlights and maintenance, maintenance of parks and playgrounds, beautification of center islands/ streets and improper use of open spaces.
- With the problems, issues and concerns identified, different programs which their barangay can implement utilizing their own funds were recommended. (See attached)
- In the area of collaboration, lack of funds for program implementation emerged as top area to consider. They have also named other programs and resources where collaboration can be possibly resolved.
- Output of the workshop is attached.
