

Vice Mayor Sotto encourages youth towards good governance, servant leadership

QUEZON City Vice Mayor **Gian Sotto** encouraged the city's youth leaders to fight for good governance and servant leadership during a speech he delivered at the first QC Youth Parliament on June 4.

"As youth leaders, we really have to focus on the purpose that we have; why we are here and what do we have to offer," Sotto said in his inspirational speech.

The QC Youth Parliament led by the Sangguniang Kabataan Federation is composed of different representatives of the youth sector which aims to introduce participants in local policy-

making and allow them to propose resolutions and ordinances that will address the concerns of city's youth.

The QCYP is in accordance with the Philippine Youth Development Plan 2017-2022 which encourages the holistic participation of the Filipino youth to ensure their welfare and rights.
